The 2018 Signature Rosé is comprised of classic Southern French varieties: Mourvèdre 60%, Cinsaut 22%, and Syrah 18%, all of which are now grown and sourced in Texas. A maximum of 10 hours skin contact was used for all varieties to extract flavor and color. After a light press, the juice of the three varieties were blended and allowed to ferment cold in stainless steel to preserve the delicate aromatics.

Our 2018 Signature Rosé is a wine that truly reflects our West Texas terroir. Grown in the high elevation, sandy sites of our best vineyards, this wine is an excellent expression of what classic rosé should be: fruity, aromatic, food friendly or enjoyable on its own on a hot, Texas summer afternoon.

Enjoy well chilled.
